Step 1 : Templates

Download [templates for Canson® paper lamps with cutout designs](#). [7].

Print these on to sheets of [Canson® Iris Vivaldi® paper](#). [8] You may choose to print the designs at full size or alter the scale slightly when printing in order to obtain pyramids of different sizes.

Step 2 : Cutting out

To avoid weakening the paper, start by cutting out the inner designs before cutting round the outside of the lamp shapes.

Step 3 : Adding tracing paper

Cut out four triangles from Canson® tracing paper for each lamp.

Apply a small amount of glue to the inside surface of the templates and stick them down, ideally using a glue stick, which will avoid crumpling the tracing paper.

Step 4 : Assembling the pyramids

Using the craft knife, gently score the folds in the pyramids and tab, using a ruler to assist you.

Apply a thin layer of glue to the tab and stick, holding in place for a few seconds

Repeat for the other lamps.
