Step 1 : Templates

Download and transfer the [floral wreath templates](#) [8] using [Canson® tracing paper](#) [9] on your paper.

In the photo, the following [Canson® Mi-teintes](#) [6] sheets of coloured paper have been chosen:

- **Champagne** for the large leafy stems,
- **Light Blue** for the biggest flower,
- **Icy blue** for the two small flowers,
- **Ivy** for the stems,
- **Red earth** for the berries on the stems.

The centre of the flowers and the wreath are made with [Canson® Iris Vivaldi](#) [7] paper in Ultramarine. Of course, you can choose whatever colours you want!

Step 2 : Cutting out

Cut out the different parts of the flowers using scissors; the most delicate parts must be cut out with a craft knife.

Step 3 : Shaping

Using the paintbrush or a similarly round tool, bend the ends of the leaves slightly.

Then glue the red berries onto the small branches and the centre of the blue flowers.

Step 4 : Glueing

Using the paintbrush or a similarly round tool, bend the ends of the leaves slightly.

Then glue the red berries onto the small branches and the centre of the blue flowers.
