## Step1

Apply glue to each part of the dispenser and glue them to rectangles of pink paper.

## Step 2

Cut out the paper leaving an overlap of around 1 cm.

## Step 3

Cut slanted notches around all the edges of the paper using small scissors.

## Step 4

Fold and glue the paper notches to the other side.

Repeat this process for all the sections of the dispenser.

## Step 5

Cut the patterns out again in the pink paper (for the body) and patterned paper (for the paws).

Glue them to the back of each part of the dispenser so that they conceal the notches in the

paper.

## Step 6

Now all you have to do is draw the cat's eyes, nose and whiskers.

## Step 7

Assemble the dispenser by putting the cocktail stick in the slot in the paws and inserting the body to hold it in place.
